

MimioQuickLearn

MimioTeach: Setup and Overview

This one-hour, live, online training session provides participants with the knowledge they need to operate the MimioTeach™ interactive system effectively in their classroom.

Participants will learn setup—everything from powering their MimioTeach system, to calibrating it, to using it daily. Participants will consider ways they can begin using a MimioTeach system to enhance their own teaching.

Participants will:

- Download and install MimioStudio™ software.
- Review hardware for the MimioTeach™
- Learn how to power the MimioTeach system.
- Learn how to connect to the MimioHub™ wireless receiver.
- Learn how to recharge the stylus.
- Learn how to attach the MimioTeach bar to the board.
- Learn to calibrate the system.
- Review the functions of the bar and stylus

During the session, participants will have the opportunity to ask questions and interact with the software. Participants who successfully complete the session will advance their Mimio skills and understand how to use MimioStudio software more effectively.

We encourage participants to attend additional sessions to maximize their abilities with Mimio products and bring their teaching into the 21st century!
