

MimioQuickLearn

Mimio Goes Mobile: Setup and Support

This one-hour, live, online training session provides participants with the knowledge they need to implement the MimioMobile application effectively in their classroom with mobile devices as well as the MimioPad.

Participants will discover how easy it is to set up the devices and begin incorporating student collaboration, control, and MimioVote assessment features daily. Participants will also consider ways to begin using these devices to enhance their own teaching.

Participants will:

- Download the MimioMobile™ application and MimioStudio™
- Set up the MimioMobile application
- Review the MimioMobile and MimioPad toolbars
- Learn how to use Control and Collaboration with the MimioMobile application
- Learn how to use MimioVote™ assessment with the MimioMobile application
- Understand possible uses of the MimioMobile application in the classroom

During the session, participants will have the opportunity to ask questions and interact with the moderator. Participants who successfully complete the session will advance their Mimio skills and understand how to use MimioStudio software more effectively.

We encourage participants to attend additional sessions to maximize their abilities with Mimio products and bring their teaching into the 21st century!
