

MimioQuickLearn

MimioStudio Intermediate I: Formatting I

This one-hour, live, online training session provides participants with the skills to format their Mimio lessons. Participants will gain a clear understanding of the formatting techniques and how they are used in daily lesson creation. They will have the opportunity to practice their new skills during the session, and to consider ways they can apply what they've learned to their own teaching.

Participants will format MimioStudio™ Notebook pages using:

- Object Grouping
- Object Ordering
- Object Locking
- Object Transparency
- Object Alignment

During the session, participants will have the opportunity to ask questions and interact with the software. Participants who successfully complete the session will advance their Mimio skills and understand how to use MimioStudio software more effectively.

We encourage participants to attend additional sessions to maximize their abilities with Mimio products and bring their teaching into the 21st century!
