

Professional Development Offer Connecting Parents, Family, and Students

To ensure that students have a consistent structure both in and out of the classroom, **parents must be equipped with the tools and resources necessary to support their children.** This professional development offer is designed to help schools and families set a common foundation for student learning. In addition, this offer will help educators -

- Set communication guidelines that are consistent and regular, including best practices for video conferencing
- Establish routines and reminders for distance/remote learning
- Foster a positive online learning environment, including responsible digital citizenship
- Explore accessibility features in familiar software programs (Microsoft 365, Google Workspace for Education) to reach all learners

Connection to Specific GEER and ESSER Language:

Providing principals and other school leaders with the resources necessary to address the needs of their individual schools.

Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, and students with disabilities. English learners, migrant students, students experiencing homelessness, and children in foster care.

Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment.

RESOURCES
for schools

ACTIVITIES
for unique needs

SUPPLEMENTAL
learning

Training Objectives

Establish regular lines of communication among school community, including via LMS and to check student progress.

Create and establish routines for distance learning and/or remote summer learning.

Understand the principals of digital citizenship and how it fosters a safe and positive learning environment.

Explore embedded accessibility features in content-creation and presentation software to increase engagement and provide access to all learners.
