

## PROFESSIONAL DEVELOPMENT OFFER MEETS RELIEF FUNDING REQUIREMENTS

### Professional Development Offer Improve Student Engagement

Educators know that **students learn best when they are engaged**. To do this, teachers need the training and tools to infuse their lessons with **engaging content and interactivity in any learning environment**, including how to amplify student voice and choice using digital tools. In this professional development offering, teachers will learn how to –

- Enhance knowledge, skills, and inspiration using digital tools
- Further encourage and foster student collaboration inside and outside of the classroom
- Incorporate more peer-to-peer accountability
- Increase excitement about learning via choice boards and gamification

#### Connection to Specific GEER and ESSER Language:

Tracking student attendance and improving student engagement in distance education.

Providing principals and other school leaders with the resources necessary to address the needs of their individual schools.

Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

**RESOURCES**  
for schools

**ACTIVITIES**  
for unique needs

**ENGAGE STUDENTS**  
in distance education

### Training Objectives

Create interactive lessons and content using technology tools available to teachers and students.

Design opportunities for student collaboration, including online discussions and creative workspaces.

Employ creativity in any classroom environment to increase opportunities for flexible learning paths, including UDL.
